

DECORATIVE STAINLESS STEEL  
NEUES & FINE (INCO) COLOR

# MAINTENANCE AND CLEANING GUIDE

It is necessary for decorative stainless steel to keep dry conditions and free from moisture which causes rust. Please be advised it is difficult to repair a defect on the surface, once having scratch which makes rust.

## 〈DAILY MAINTENANCE〉

1. Sweep off dust and sand on the surface carefully without making scratch.
2. Wipe off fingerprint and oil stain, using soft cloth with light neutral detergent. Rinse with hot water and wipe off, using dry cross.

## 〈HEAVY STAIN〉

1. Sweep off dust and sand on the surface carefully without making scratch.
2. Wipe off remains of glue adhesive protective film or packing tape with solvent, like thinner. If there are wiping mark, go to next step.
3. Wipe off stain, using soft cloth with light neutral detergent. Rinse with hot water and wipe off water, using dry cloth.

4. Wipe off wiping mark of detergent with calcium carbonate #200.

**DO NOT USE** cleaner which contains peroxide, acid, alkaline or abrasive powder.

Please contact us if you are not able to wipe off stain.
